

PROGRAM

The 34th Meeting of the Scandinavian Sarcoma Group 30 Years' Jubilee

Oslo

Date: May 6–8, 2009

Place: Hotel Opera
Christian Frederiksplass 5
0154 Oslo
Tel: +47 24 10 30 00
Fax: +47 24 10 30 10

Symposium

Wednesday May 6, 2009

- The Biology of Mesenchymal Tumors
Place: RH Rikshospitalet, Sognsvannsveien 20
Room: RH B2. U002 (Seminarrom 2)
- 8:00–8:45 The Pathology of Sarcoma
- 8:45–9:30 The Sarcoma Progenitor Cell.
I. Stamenkovic, Institute of Pathology, University of Lausanne
- 9:30–10:15 Cancer Stem cells and Mesenchymal tumors
O. Myklebost Rikshospitalet-Radiumhospitalet Med. Center, Oslo
- 10:15–10:30 *Coffe break*
- 10:30–11:15 Cytogenetic patterns and fusion genes in bone and ST tumors.
F. Mertens, Clinical Genetics, Lund University Hospital
- 11:15–12:00 Functional analysis of a FET family fusion oncogene.
P. Åman. Lundberg Laboratory for Cancer Research, Göteborg
- 12:00–13:00 *Lunch*
- 13:00–13:45 Is p53 involved in sarcoma development?
B. Brodin, Dpt of Oncology and Pathology, Karolinska Institutet
- 13:45–14:30 Receptor Tyrosine kinases and cell signalling pathways in Sarcoma.
K. Scotlandi. Inst Ortopedici Rizzoli, Bologna Italy
- 14:30–14:45 *Coffe break*
- 14:45–15:30 New therapeutical approaches in sarcoma treatment.
P. Picci, Inst Ortopedici Rizzoli, Bologna Italy
- 15:30–16:15 Integrated analysis mining biomarkers of Sarcoma: copy numbers mRNA and microRNAs expression.
S. Knuutila, Haartman Institute, University of Helsinki
- 16:15–17:00 Inflammation and sarcomas.
J. Vakkila, Haartman Institute, University of Helsinki

Program for SSG 30 years' jubilee

Wednesday May 6, 2009

- 15.00–18.00 Registration
Place: outside the conference room Flagstadsalen
- Poster exhibition
Place: inside the conference room Flagstadsalen
- 13.00–14.30 SSG Central register meeting
Room: Figaro
- 15.00–16.30 SSG Board meeting
Room: Figaro
- 17.00–17.30 Introduction and welcome
Room: Flagstadsalen
K. Sundby Hall, Oslo, H. Bauer, Stockholm, T.A. Alvegård, Lund
- 17.30–18.15 L1 Minisymposium: The role of trabectedin in the treatment of soft tissue sarcoma.
J-Y. Blay, Lyon, France
- 19.00 *Dinner and cultural event at Opera Hotel (Restaurant: Scala)*

Thursday May 7, 2009

- 07.00–08.30 *Breakfast*
- 07.00–08.30 Registration
Place: Outside the conference room Flagstadsalen
- 08.30 L2 The role of conventional and functional imaging in sarcoma
D. Vanel, Bologna, Italy
- 08.45 Discussion
- 08.50–12.00 Session I – Bone sarcoma**
Chairmen: *S. Smeland, Oslo, L. Hjorth, Lund, O. Brosjö, Stockholm*
- 08.50 L3 Treatment of Ewing's sarcoma: current standard and future aspects
H. Jürgens, Münster, Germany
- 09.05 Discussion
- 09.10 L4 Chondromatous tumors-from benign entity to highly malignant chondrosarcomas.
P.C.W. Hogendoorn, Leyden, Netherland
- 09.25 Discussion
- 09.30 L5 Osteosarcoma. Multidisciplinary management: The pathologist's perspective
A.K. Raymond, N.X. Chen, Houston, Texas
- 09.45 Discussion
- 09.50 L6 Demographic study of 1500 osteosarcoma patients
P. Picci, Bologna, Italy
- 10.05 Discussion
- 10.10 L7 SSG's experiences in osteosarcoma and Ewing sarcoma
S. Smeland, Oslo
- 10.25 Discussion
- 10.30–11.00 *Coffee break*

11.00–12.00 Free presentations

- 11.00 L8 Characteristics of patients in a US postmarketing osteosarcoma surveillance study
A. Gilsenan, et.al., RTP, NC, USA
- 11.15 L9 Histology of the physis following an extensible endoprosthesis in children with a malignant primary bone tumour around the knee
W.P. Cool, et.al., United Kingdom
- 11.30 L10 Resection of the spine for primary tumors. Principles and technique.
B. Gunterberg, et.al., Gothenburg
- 11.45 L11 EURAMOS-1: A randomized European/American osteosarcoma study
S. Smeland, et.al., Oslo

12.00–13.00 Lunch

13.00–16.00 Session II – Soft tissue sarcoma

Chairmen: *K. Sundby Hall, Oslo, J. Engellau, Lund*

13.00–13.25 Presentations of SSG theses: concluded and ongoing

- 13.00 L12 Prognostic systems for soft tissue sarcoma of the extremities and trunk wall in adults
J. Engellau, Lund
- 13.05 L13 Clinical and molecular studies of liposarcoma
K. Engström, Gothenburg
- 13.10 L14 Soft tissue leiomyosarcoma – A summary of the SSG project
K. Svarvar, et.al., Helsinki
- 13.15 L15 Radiotherapy in soft tissue sarcoma. An SSG thesis project
N. Jebsen, et.al., Bergen
- 13.20 L16 Chest wall chondrosarcoma
B. Widhe, H. Bauer, Stockholm
- 13.25 L17 New techniques in radiotherapy of sarcomas
R. Schwarz, Hamburg, Germany
- 13.40 Discussion
- 13.45 L18 The role of chemotherapy in soft tissue sarcoma
S. Patel, Houston, USA

14.00 Discussion

14.05 L19 SSG experiences in soft tissue sarcomas
K. Sundby Hall, et.al., Oslo

14.20 Discussion

14.25–15.00 Coffee break

15.00–16.00 Free presentations

Chairmen: *H. Bauer, Stockholm, P. Lindholm, Turku*

- 15.00 L20 The prognosis of radiation-induced sarcoma compared to sporadic sarcoma
B. Bjerkehagen, et.al., Oslo
- 15.20 L21 Imaging of glucose metabolism and perfusion in musculoskeletal tumours by positron emission tomography (PET)
P. Lindholm, et.al., Turku
- 15.40 L22 New prognostic markers for malignant peripheral nerve sheath tumors
M. Kolberg, et.al., Oslo
- 17.00 Light dinner at Opera hotel (Restaurant: Scala)
- 19.00 Opera “Carmen”

Friday, May 8, 2009

07.00–08.30 Breakfast

8.30–10.30 Session III – Visceral and retroperitoneal sarcoma

Chairmen: *J. Åhlén, Stockholm, M. Eriksson, Lund*

08.30 L23 Recommendations for the diagnosis and treatment of intraabdominal, pelvic, retroperitoneal and uterine sarcomas
J. Åhlén, Stockholm

08.45 L24 GIST: From palliative to adjuvant treatment
H. Joensuu, Helsinki

09.00 Discussion

09.20–10.30 Free presentations

09.15 L25 Large intestinal GIST with high-risk criteria in a neonate treated with surgery only
Å. Jacobson, et.al., Stockholm

09.30 L26 The effects of hyperthermia on the concentration of soluble TNF-receptor 1 in isolated limb perfusion
L. E. Podleska, et.al., Essen, Germany

09.45 L27 Delayed methotrexate elimination: may fruit drinks have a clinical impact?
K Sundby Hall, et.al., Oslo

10.00 L28 Targeting the P53/HDM2 interaction as a therapeutic strategy in synovial sarcoma
P. Darcy, et.al., Stockholm

10.15 L29 Novel druggable targets identified in gene expression profiles of MPNSTs and neurofibromas
T. H. Ågesen, et.al., Oslo

10.30–11.00 Coffee break

11.00–12.00 Poster session

Chairmen: *Ø.S. Bruland, Oslo, H. Bauer, Stockholm, T. Böhling, Helsinki*

12.00–13.00 Lunch

13.00–16.00 Session IV – Joint session with nurses and physiotherapists

Chairmen: *H. Bauer, Stockholm, K. Sundby Hall, Oslo*

13.00 L30 Late events in osteosarcoma survivors: What can we learn from clinical trials in amputation versus limb salvage?
G. Ottaviani, et.al., Milan, Italy

13.15 L31 Health status in bone sarcoma survivors
L.H. Aksnes, et.al., Oslo

13.30 Discussion

13.45 L32 High-dose Methotrexate – has the time come for common procedures?
L. Våde, I. Nordhagen, Oslo

14.00 L33 Transcultural caring relationships
P. Pergert, Stockholm

14.15 L34 Health-related Quality of Life, school and social interaction with friends during childhood cancer treatment
M. af Sandeberg, Stockholm

14.30–15.00 Coffee break

15.00 SSG Matters

15.50 Conclusions

Program for SSG nurses and physiotherapists

Wednesday, May 6, 2009

- 15.00–18.00 Registration
Place: Outside the conference room Flagstadsalen
- Poster exhibition
Place: inside the conference room Flagstadsalen
- 17.00–17.30 Introduction and welcome
Room: Flagstadsalen
K. Sundby Hall, Oslo, H. Bauer, Stockholm, T.A. Alvegård, Lund
- 17.30–18.15 Minisymposium: The role of trabectedin in the treatment of soft tissue sarcoma.
J-Y. Blay, Lyon, France
- 19.00 *Dinner and cultural event at Opera Hotel (Restaurant: Scala)*

Thursday, May 7, 2009

- 07.00–08.30 *Breakfast*
- 08.30–08.40 Velkommen
S. Granlien, Oslo
- 08.40–14.40 Nurses and physiotherapists session**
Place: Storkvinten
Chairmen: *L. Våde, Oslo, S. Granlien, Oslo*
- 08.40 L35 Tanker om den vanskelige samtalen
S. Rian, S. Granlien, Oslo
- 09.00 L36 Veien tilbake til livet og hverdagen etter sarkombehandling
S. Lindberg, K. Bach Fossdal, Stavern
- 09.20 L37 Hvorfor skal jeg bare ligge på sengen?
T. Kollenborg, Oslo
- 09.40 L38 Sygepleje til unge – sådan plejer vi den unge patient i Århus, Danmark
N. Hove, Århus
- 10.00 L39 Oro och nedstämdhet hos personer som behandlats för osteo- eller Ewingsarkom
H. Lernerdal, Stockholm
- 10.20 L40 Aloxi (Palonosetron) – en ny serotoninantagonist
B. Augdal, Göteborg
- 10.35–11.00 *Coffee break*
- 11.00 L41 Ernæring, et felles ansvar!
K. Mac Quarrie, A. Bøe, Oslo
- 11.20 L42 Illamående i cancernården- ett antiemetika prosjekt på Radiumhemmet i Stockholm
K. Wieselblad, L. Smedberg, Stockholm
- 11.40 L43 PhaSeal - slutten hantering av toksiske legemiddel
C. Hallberg, Göteborg
- 12.00–12.50 *Lunch*

- 12.50 L44 Sårbehandling til patienter, der har fået fjernet et sarkom
B. Hedegård, A. Sophie Koch, Århus
- 13.10 L45 Knokkel-rekonstruksjoner etter sarkomkirurgi
O-J. Norum, Oslo
- 13.30 L46 Fysioterapi ved rekonstruksjoner
H. Blegen, G.S. J. Haugen, M.L. Johansen, Oslo
- 13.50 L47 Genoptræning af overekstremiteter med og uden anvendelse af protese ved patienter med sarkom
E. Rasmussen, H. Brandt Andersen, København
- 14.10 L48 Prinsipper for – og eksempler på – balansetrening
Ls-A. Andersen, Bergen
- 14.40–15.00 *Coffee break*
- 15.00–16.00 Årsmöte
- 17.00 *Dinner at Opera hotel (Restaurant: Scala)*
- 19.00 *Opera “Carmen”*

Friday, May 8, 2009

- 07.00-08.30 *Breakfast*
- 08.30 Avreise fra Hotell Opera till Radiumhospitalet
Møtesplass: Christion Fredriks plass 5.
- 09.00 Omvisning på Kreftklinikken, Radiumhospitalet
- 10.00 L49 Presentasjon av ”Sarkomforum for sykepleie og fysioterapi på Radiumhospitalet”
- 10.15 L50 Primærsykepleie til sarkompasienter, hvorfor?
J. Marstein, Oslo
- 10.45 L51 En pasients historie
- 12.00–13.00 *Lunch (Hotel Opera)*
- 13.00–16.00 Session IV – Joint session with nurses and physiotherapists**
Chairmen: *H. Bauer, Stockholm, K. Sundby Hall, Oslo*
Room: Flagstadsalen
- 13.00 Late events in osteosarcoma survivors: What can we learn from clinical trials in amputation versus limb salvage?
G. Ottaviani, Milan, Italy
- 13.15 SSG study: Health status in bone sarcoma survivors
L.H. Aksnes, Oslo
- 13.30 Discussion
- 13.45 MTX – time for common routines?
I. Nordhagen, L. Våde
Norwegian Radium Hospital, Oslo
- 14.00 Transcultural caring relationships
P. Pergert
Astrid Lindgren Children´s Hospital, Stockholm
- 14.15 Healt related Quality of Life, school and social interaction with friends during childhood cancer treatment
M. af Sandeberg, Stockholm
- 14.30–15.00 *Coffee break*
- 15.00 SSG Matters**
- 15.50 Conclusions**
