Preface

We wish all members of the Scandinavian Sarcoma Group and external guests welcome to our 38th plenary meeting in Aarhus, Denmark, September 20-22, 2017. This meeting is also the 10 year celebration for the Scandinavian Sarcoma Group subcommittee for Nurses & Physiotherapists. We are excited to announce the participation of several excellent invited speakers, from both European countries and other continents.

The meeting will begin on Wednesday with workshops for various disciplines, and the participants will get the possibility for practical exercise on radiation therapy planning or with cadaver operations training pelvic surgery.

On Thursday we will focus on diagnostic and treatment challenges for bone sarcomas with special emphasis on chondrosarcoma. GIST with presentations of both basic research and clinical aspects will form another part of the agenda. The nurses- and physiotherapy program will have focus on radiotherapy, reproduction and supportive care.

On Friday there will be a joint session with physicians, nurses and physiotherapists where treatment and rehabilitation of soft tissue sarcomas will be covered. Other common lectures will deal with various topics that will touch that cancer is more than a disease!

The diagnostic pathway from symptoms to diagnosis of sarcoma in the Scandinavian countries will also be presented and discussed in a separate session.

In addition to the keynote speakers, a variety of local speakers will present their research. Lastly, there will be free presentations and a poster session. We hope that all SSG members and other participants will find the conference inspiring and take the opportunity to meet and discuss collaborative work.

We wish you an enjoyable and memorable stay in Aarhus!

Johnny Keller
Local coordinator for the meeting in Aarhus

Kirsten Sundby Hall
Chairman of the Scandinavian Sarcoma Group

Mikael Eriksson
Secretary of the Scandinavian Sarcoma Group

Program committee: Johnny Keller, Akmal Safwat, Arne Lücke, Kim Francis Andersen, Thomas Baad-Hansen, Birthe Hedegaard, Hanna Fugløy, Mikael Eriksson, Charlott Vaade, Merethe Lia Johansen, Eva-Mari Olofsson & Kirsten Sundby Hall.

Hosts for the workshops: Thomas Baad Hansen, Akmal Safwat, Arne Lücke, Kim Francis Andersen, Birthe Hedegaard & Hanna Fugløy.

Next SSG meetings:

22nd Working Group Meeting of the SSG, Malmö, January 22-23, 2018

39th Plenary Meeting of the SSG, Bergen, May 2019

Exhibition Stand & Poster Exhibition

17.45 Opening and welcome address

Room: Moesgaard 2+3

K. Sundby Hall, Oslo, J. Keller, Aarhus, C. Våde, Oslo

Joint session with physicians, scientists, nurses and physiotherapists

18.00 The symptom epidemiology of cancer and implications
for the diagnostic pathway

F. Olesen, Aarhus

19.00 Social program – see separate section (page 26)

SSG Plenary Meeting

Thursday September 21, 2017

08.00-08.30 Registration

08.30–10.00 Session I – Bone sarcoma

Room: Moesgaard 2+3

Chairmen: *M. Mørk Petersen, Copenhagen, J. Kanerva, Helsinki*

08.30 L1 Osteosarcoma - learning from the past to move forward.
K. Janeway, Boston, US

09.05 L2 Spinal Ewing sarcomas; is there a prognostic difference
between the mobile spine and sacrum?
A. Hesla, Stockholm

09.25 L3 Loss of periprosthetic bone mineral density and higher
PTH is associated with removal of osseointegrated
implants in femoral amputees.
R. Lessmann Hansen, Aarhus

09.45 L4 Targeting the genomic chaos in osteosarcoma.
E. W. Stratford, Oslo

10.05–10.30 Coffee break

10.30–12.00 Free presentations

Room: Moesgaard 2+3

Chairmen: *A. Krarup-Hansen, Copenhagen, T. Baad-Hansen, Aarhus*

10.30 L5 Outcome after bone resection and endoprosthesis
reconstruction in soft tissue sarcoma of the extremities.
M. Nottrott, Münster

- 10.45 L6 The need for follow-up MRI in patients with enchondromas appearing incidentally.
R. Skjøtt Larsen, Aarhus
- 11.00 L7 Implant and limb survival after resection of bone tumors of the lower extremities and reconstruction with megaprotheses.
C. Holm, Copenhagen
- 11.15 L8 Preoperative radiotherapy treatment of soft tissue sarcomas.
P. Tsagkzis, Stockholm
- 11.30 L9 Chondroblastic osteosarcomas are characterized by aggressive biological behavior and resistant to chemotherapy. A series of 96 patients.
P. Tsagkzis, Stockholm
- 11.45 L10 Trimodal pilot-study of neo-adjuvant regional hyperthermia (RHT), chemotherapy and radiotherapy in locally advanced, high-risk soft tissue sarcoma (STS).
N. L. Jebsen, Bergen
- 12.00–13.00 *Lunch*
- 13.00–15.00** **Session II – Chondrosarcomas**
Room: Moesgaard 2+3
Chairmen: *P. Holmberg Jørgensen, Aarhus,*
H-K. Haugland, Bergen
- 13.00 L11 An epidemiological study of chondrosarcoma of bone in Norway 1990 - 2013.
J. Thorkildsen, Oslo
- 13.15 L12 Strategy of diagnosis and surgical treatment of chondrosarcoma.
S. Dijkstra, Leiden
- 13.40 L13 Chondrosarcoma: Radiological signs.
W. Heindel, A. Riegel, Münster

- 14.05 L14 Histopathological and molecular diagnostics of chondrosarcoma.
J. V. Bovée, Leiden
- 14.30–15.00 *Coffee break*
- 15.00-16.00 Poster session**
Chairmen: *A. Safwat, Aarhus, O-J. Norum, Oslo, P. Rissler, Lund*
- 16.00-17.30 Session III - GIST symposium**
Room: Moesgaard 2+3
Chairmen: *J. Åhlén, Stockholm, K. Boye, Oslo*
- 16.00 L15 New challenges in the diagnosis and treatment of gastrointestinal stromal tumor - experience from the large Warsaw GIST registry.
P. Rutkowski, Warsaw
- 16.25 L16 Mutation analyses in GIST: biological, technical and clinical perspectives with a view into the future.
E. Wardelmann, Münster
- 16.50 L17 Towards a more individualized treatment of GIST.
I. Hompland, Oslo
- 17.05 L18 Pharmacological modulation of DOG1 activity affects migration, invasion and metabolism in GIST cell lines.
J. Åhlén, Stockholm
- 17.20 L19 GIST – SSG trials
M. Eriksson, Lund
- 19.00 Social program – see separate section (page 26)

SSG Plenary Meeting

Friday September 22, 2017

Room: Riis Skov 1+2

08.30-10.00 Session IV – Soft tissue sarcoma

Chairmen: *M. Eriksson, Lund, M. Bendtsen, Aarhus*

08.30 L20 GEIS (Spanish Group for Research on Sarcoma) – Building of an active European sarcoma group and its current projects.
J. Martin-Broto, Sevilla, Spain

08.55 L21 New treatment options on soft tissue sarcoma – where do they fit in among the traditional ones?
A. LeCesne, Paris, France

09.20 L22 Validation of the Danish version of the Musculoskeletal Tumor Society Score (MSTS) questionnaire – a measurement of functional outcome for sarcoma patients.
C. Sæby, Aarhus

09.35 L23 The influence of hypoxia in soft tissue sarcoma.
N. Aggerholm-Pedersen, Aarhus

09.50-10.10 Coffee break

10.10-12.00 Free presentations

Chairmen: *L. Våde, Oslo, P. Tsagkozis, Stockholm*

10.10 L24 Routines for outpatients chemotherapy at MD Anderson.
M. Salazaar-Abshire, Houston, Texas, US

- 10.35 L25 Cancer – more than a disease.
Changes and losses following treatment in primary bone sarcoma survivors.
L. Fauske, Oslo
- 10.50 L26 “Meeting reality” – young adult cancer survivors experiences of reentering everyday life after cancer treatment.
M. Aasebø Hauken, Bergen
- 11.05 L27 Children with cancer share their views; tell the truth but leave room for hope.
L. Jalmsell, Stockholm
- 11.20 L28 Combining Oncolytic Virotherapy with Isolated Limb Perfusion for advanced extremity sarcomas; from animal model to clinical trial.
H. Smith, UK
- 11.35 L29 Cyclin A expression is associated with time to recurrence in desmoid tumors.
K. Santti, Helsinki
- 11.50 L30 Mutually exclusive TP53 mutation and MDM2 amplification in MPNSTs identify a patient subgroup with poor survival
M. Høland, Oslo
- 12.05–13.00 *Lunch*
- 13.00-14.30** **Session VI – The diagnostic process of sarcoma in Scandinavia**
Chairmen: *J. Keller, Aarhus, L. Hansson, Gothenburg*
- From symptoms to diagnosis of sarcoma: Revealing the diagnostic pathway:
- 13.00 L31 *H. Dyrop, Aarhus*
- 13.15 L32 *E. Styring, Lund*

- 13.30 L33 *O. Zaikova, Oslo*
